## BAD(phospho S134) & BAD Protein Phosphorylation Antibody Pair

## Catalog #: DP0092

規格:[1Set]

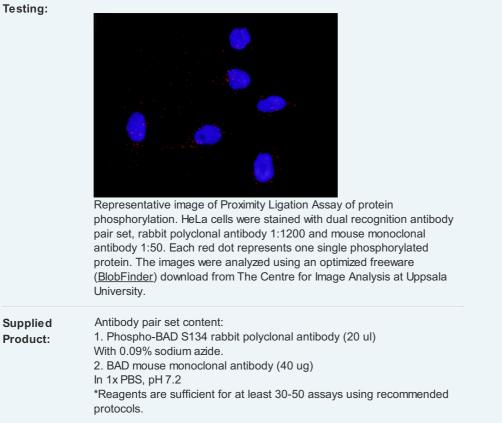

List All

Specification				Application Image
Product Description:	This protein phosphorylation antibody pair set comes with two antibodies, one against the BAD protein, and the other against the specific S134 phosphorylated site of BAD for use in <i>in situ</i> Proximity Ligation Assay. See Publication Reference below.			<i>In situ</i> Proximity Ligation Assay (Cell)
		the state		
	<ol> <li>Incubate with target primary antibodies</li> </ol>	2. Add probes	<ol> <li>Hybridize connector oligos</li> </ol>	
	4. Ligation to form a complete DNA circle	5. Rolling circle amplification	6. Add fluorescent probes to reveal phosphorylation	

Reactivity:

Quality Control Dual recognition immunofluorescence result.

Testing:

Storage	Store reagents of the antibody pair set at -20°C or lower. Please aliquot
Instruction:	to avoid repeated freeze thaw cycle. Reagents should be returned to -
	20°C storage immediately after use.

#### **Applications**

In situ Proximity Ligation Assay (Cell)

Gene Information		
Entrez GenelD:	572	
Gene Name:	BAD	
Gene Alias:	BBC2,BCL2L8	
Gene Description:	BCL2-associated agonist of cell death	
Omim ID:	<u>603167</u>	
Gene Ontology:	<u>Hyperlink</u>	
Gene Summary:	The protein encoded by this gene is a member of the BCL-2 family. BCL-2 family members are known to be regulators of programmed cell death. This protein positively regulates cell apoptosis by forming heterodimers with BCL-xL and BCL-2, and reversing their death repressor activity. Proapoptotic activity of this protein is regulated through its phosphorylation. Protein kinases AKT and MAP kinase, as well as protein phosphatase calcineurin were found to be involved in the regulation of this protein. Alternative splicing of this gene results in two transcript variants which encode the same isoform. [provided by RefSeq	
Other Designations:	BCL-X/BCL-2 binding protein,BCL2-antagonist of cell death protein,BCL2-binding component 6,BCL2-binding protein	
Gene Pathway		

#### Gene Pathway
