NF2 (Human) IP-WB Antibody Pair

Catalog # : H00004771-PW1

規格 : [1 Set]

List All

Specification

Product Description: This IP-WB antibody pair set comes with one antibody for immunoprecipitation and another to detect the precipitated protein in western blot.

Reactivity: Human

Quality Control Testing: Immunoprecipitation-Western Blot (IP-WB)

Immunoprecipitation of NF2 transfected lysate using rabbit polyclonal anti-NF2 and Protein A Magnetic Bead ([U0007](#)), and immunoblotted with mouse polyclonal anti-NF2.

Supplied Product: Antibody pair set content:
1. Antibody pair for IP: rabbit polyclonal anti-NF2 (300 ul)
2. Antibody pair for WB: mouse polyclonal anti-NF2 (50 ul)

Storage Instruction: Store reagents of the antibody pair set at -20°C or lower. Please aliquot to avoid repeated freeze thaw cycle. Reagents should be returned to -20°C storage immediately after use.

Gene Information

Entrez GeneID: [4771](#)

Gene Name: NF2

Gene Alias: ACN,BANF,SCH

Gene Description: neurofibromin 2 (merlin)

Omim ID: [101000](#), [162091](#), [607174](#), [607379](#)

Gene Ontology: [Hyperlink](#)

Application Image

Immunoprecipitation-Western Blot

Gene Summary: This gene encodes a protein that is similar to some members of the ERM (ezrin, radixin, moesin) family of proteins that are thought to link cytoskeletal components with proteins in the cell membrane. This gene product has been shown to interact with cell-surface proteins, proteins involved in cytoskeletal dynamics and proteins involved in regulating ion transport. This gene is expressed at high levels during embryonic development; in adults, significant expression is found in Schwann cells, meningeal cells, lens and nerve. Mutations in this gene are associated with neurofibromatosis type II which is characterized by nervous system and skin tumors and ocular abnormalities. Two predominant isoforms and a number of minor isoforms are produced by alternatively spliced transcripts. [provided by RefSeq]

Other Designations: merlin, moesin-ezrin-radixin like, moesin-ezrin-radixin-like protein, neurofibromin 2, neurofibromin 2 (bilateral acoustic neuroma), schwannomerlin, schwannomin
