BRD2 (Human) IP-WB Antibody Pair

Catalog # : H00006046-PW2

規格 : [1 Set]

[List All](#)

Specification

Product Description: This IP-WB antibody pair set comes with one antibody for immunoprecipitation and another to detect the precipitated protein in western blot.

Reactivity: Human

Quality Control Testing: Immunoprecipitation-Western Blot (IP-WB)

Immunoprecipitation of BRD2 transfected lysate using rabbit polyclonal anti-BRD2 and Protein A Magnetic Bead ([U0007](#)), and immunoblotted with mouse purified polyclonal anti-BRD2.

Supplied Product: Antibody pair set content:
 1. Antibody pair for IP: rabbit polyclonal anti-BRD2 (300 ul)
 2. Antibody pair for WB: mouse purified polyclonal anti-BRD2 (50 ug)

Storage Instruction: Store reagents of the antibody pair set at -20°C or lower. Please aliquot to avoid repeated freeze thaw cycle. Reagents should be returned to -20°C storage immediately after use.

Applications

Immunoprecipitation-Western Blot

Gene Information

Entrez GeneID: [6046](#)

Gene Name: BRD2

Gene Alias: D6S113E,DKFZp686N0336,FLJ31942,FSH,FSRG1,KIAA9001,NAT,RING3,RNF3

Gene Description: bromodomain containing 2

Omim ID: [601540](#)

Gene Ontology: [Hyperlink](#)

Gene Summary: This gene encodes a transcriptional regulator that belongs to the BET (bromodomains and extra terminal domain) family of proteins. This protein associates with transcription complexes and with acetylated chromatin during mitosis, and it selectively binds to the acetylated lysine-12 residue of histone H4 via its two bromodomains. The gene maps to the major histocompatibility complex (MHC) class II region on chromosome 6p21.3, but sequence comparison suggests that the protein is not involved in the immune response. This gene has been implicated in juvenile myoclonic epilepsy, a common form of epilepsy that becomes apparent in adolescence. Multiple alternatively spliced variants have been described for this gene, but the full-length nature of some of these variants has not been determined. [provided by RefSeq]

Other Designations: OTTHUMP00000029350, bromodomain-containing 2, female sterile homeotic-related gene 1
