TNXB (Human) Matched Antibody Pair

Catalog # : H00007148-AP21

規格 : [1 Set]

[List All](#)

Specification

Product Description: This antibody pair set comes with matched antibody pair to detect and quantify protein level of human TNXB.

Reactivity: Human

Quality Control Testing: Standard curve using recombinant protein (H00007148-P01) as an analyte.

Sandwich ELISA detection sensitivity ranging from 10 ng/ml to 100 ng/ml.

Supplied Product: Antibody pair set content:
 1. Capture antibody: rabbit MaxPab® affinity purified polyclonal anti-TNXB (100 ug)
 2. Detection antibody: mouse purified polyclonal anti-TNXB (20 ug)
 *Reagents are sufficient for at least 1-2 x 96 well plates using recommended protocols.

Storage Instruction: Store reagents of the antibody pair set at -20°C or lower. Please aliquot to avoid repeated freeze thaw cycle. Reagents should be returned to -20°C storage immediately after use.

Gene Information

Entrez GeneID: [7148](#)

Gene Name: TNXB

Gene Alias: HXBL, TENX, TNX, TNXB1, TNXB2, TNXBS, XB, XBS

Gene Description: tenascin XB

Omim ID: [130020](#), [600985](#), [606408](#)

Gene Ontology: [Hyperlink](#)

Application Image

ELISA Pair (Recombinant protein)

Gene Summary: This gene encodes a member of the tenascin family of extracellular matrix glycoproteins. The tenascins have anti-adhesive effects, as opposed to fibronectin which is adhesive. This protein is thought to function in matrix maturation during wound healing, and its deficiency has been associated with the connective tissue disorder Ehlers-Danlos syndrome. This gene localizes to the major histocompatibility complex (MHC) class III region on chromosome 6. It is one of four genes in this cluster which have been duplicated. The duplicated copy of this gene is incomplete and is a pseudogene which is transcribed but does not encode a protein. The structure of this gene is unusual in that it overlaps the CREBL1 and CYP21A2 genes at its 5' and 3' ends, respectively. Multiple transcript variants encoding different isoforms have been found for this gene. [provided by RefSeq]

Other Designations: OTTHUMP00000062664.growth-inhibiting protein 45,hexabrachion-like,tenascin XB1,tenascin XB2,tenascin-X
