FADD (Human) Matched Antibody Pair

Catalog # : H00008772-AP11

規格 : [1 Set]

[List All](#)

Specification

Product Description: This antibody pair set comes with matched antibody pair to detect and quantify protein level of human FADD.

Reactivity: Human

Quality Control Testing: Standard curve using recombinant protein (H00008772-P01) as an analyte.

Sandwich ELISA detection sensitivity ranging from 10 ng/ml to 100 ng/ml.

Supplied Product: Antibody pair set content:
 1. Capture antibody: rabbit MaxPab® affinity purified polyclonal anti-FADD (100 ug)
 2. Detection antibody: mouse monoclonal anti-FADD, IgG1 Lambda (20 ug)
 *Reagents are sufficient for at least 1-2 x 96 well plates using recommended protocols.

Storage Instruction: Store reagents of the antibody pair set at -20°C or lower. Please aliquot to avoid repeated freeze thaw cycle. Reagents should be returned to -20°C storage immediately after use.

Gene Information

Entrez GeneID: [8772](#)

Gene Name: FADD

Gene Alias: GIG3,MGC8528,MORT1

Gene Description: Fas (TNFRSF6)-associated via death domain

Omim ID: [602457](#)

Gene Ontology: [Hyperlink](#)

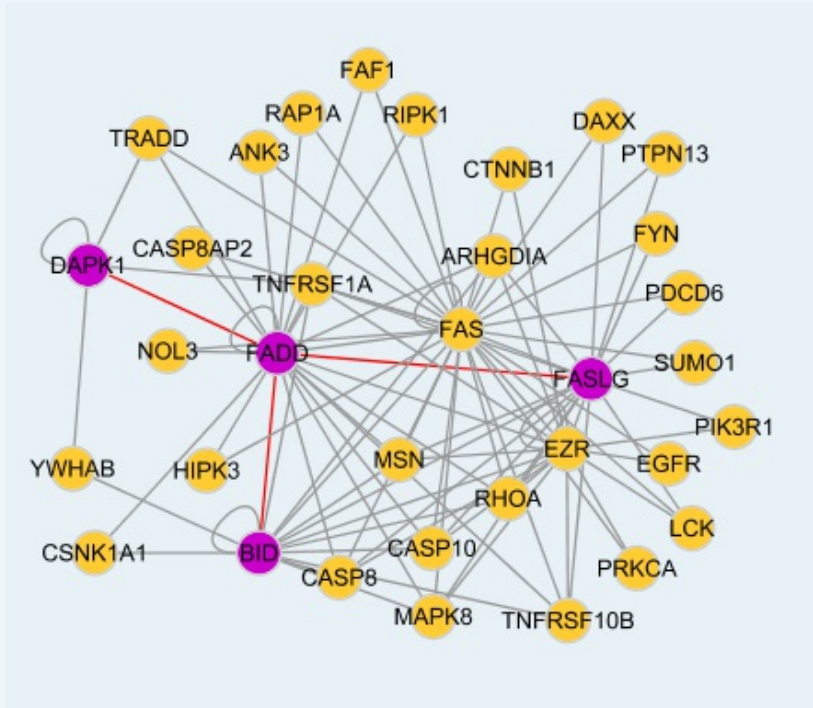

Application Image

ELISA Pair (Recombinant protein)

Gene Summary: The protein encoded by this gene is an adaptor molecule that interacts with various cell surface receptors and mediates cell apoptotic signals. Through its C-terminal death domain, this protein can be recruited by TNFRSF6/Fas-receptor, tumor necrosis factor receptor, TNFRSF25, and TNFSF10/TRAIL-receptor, and thus it participates in the death signaling initiated by these receptors. Interaction of this protein with the receptors unmasks the N-terminal effector domain of this protein, which allows it to recruit caspase-8, and thereby activate the cysteine protease cascade. Knockout studies in mice also suggest the importance of this protein in early T cell development. [provided by RefSeq]

Other Designations: Fas-associated via death domain,Fas-associating death domain-containing protein,Fas-associating protein with death domain,growth-inhibiting gene 3 protein,mediator of receptor-induced toxicity
