Datasheet

RPS4X polyclonal antibody

Catalog Number: PAB20008

Regulatory Status: For research use only (RUO)

Product Description: Rabbit polyclonal antibody raised against recombinant RPS4X.

Immunogen: Recombinant protein corresponding to amino acids of human RPS4X.

Sequence:

KVRKITVGKGIPLVTHDARTIRYPDPVIKVNDTVQIDL
GTGKIINFIFDGTGNLCMVIGGANLGRVGVITNRERHPG
SFDVVHVKDANGNSFATRLSNIFVIGNGNKPWISLPRG
KGIRLTVA

Host: Rabbit

Reactivity: Human

Applications: IHC-P

(See our web site product page for detailed applications information)

Protocols: See our web site at

<http://www.abnova.com/support/protocols.asp> or product page for detailed protocols

Form: Liquid

Purification: Antigen affinity purification

Isotype: IgG

Recommend Usage: Immunohistochemistry

(1:50-1:200)

The optimal working dilution should be determined by the end user.

Storage Buffer: In PBS, pH 7.2 (40% glycerol, 0.02% sodium azide).

Storage Instruction: Store at 4°C. For long term storage store at -20°C.

Aliquot to avoid repeated freezing and thawing.

Entrez GeneID: 6191

Gene Symbol: RPS4X

Gene Alias: CCG2, DXS306, FLJ40595, SCAR, SCR10

Gene Summary: Cytoplasmic ribosomes, organelles that catalyze protein synthesis, consist of a small 40S subunit and a large 60S subunit. Together these subunits are composed of 4 RNA species and approximately 80 structurally distinct proteins. This gene encodes ribosomal protein S4, a component of the 40S subunit. Ribosomal protein S4 is the only ribosomal protein known to be encoded by more than one gene, namely this gene and ribosomal protein S4, Y-linked (RPS4Y). The 2 isoforms encoded by these genes are not identical, but are functionally equivalent. Ribosomal protein S4 belongs to the S4E family of ribosomal proteins. This gene is not subject to X-inactivation. It has been suggested that haploinsufficiency of the ribosomal protein S4 genes plays a role in Turner syndrome; however, this hypothesis is controversial. As is typical for genes encoding ribosomal proteins, there are multiple processed pseudogenes of this gene dispersed through the genome. [provided by RefSeq]
