Avidien

microPro 300

Benchtop 96 channel pipettor

The world's smallest 96 channel semi-automated benchtop pipettor. Flexible multi-function pipetting; from simple to more complex liquid handling steps.

Part No.	Product name
----------	--------------

801000	microPro 300
--------	--------------

User friendly

All features are programmable using the intuitive iPad app

RingLock tip system

Simple & easy tip changes. Touch less tip ejection, reducing the risk of contamination

10x speed control

Choose speed settings for any aspirate & dispense operation

Special liquids

Create & save unique calibration settings for special liquids & re-use these settings during any program

Pipetting depth recall

Customisable depth settings can be saved & used for most manufacturer's plate types

384 well plates

Switch from 96 to 384 well plates quickly & easily with the 96/384 nest converter

Easily recall programs

Store regularly used programs in favourites & organise them by name, type and date

Custom programs

Create programs & arrange steps in any order, including unique instructions in long and complex assays

Avidien

microPro 300

The most compact and effective 96 channel semi-automated benchtop pipettor on the market. Accurate, affordable, efficient, reliable and easy to use.

Increase productivity

Fill 96 or 384 well plates faster & more precisely than traditional handheld pipettes

Simple to use

Balanced pipetting head & light touch control button for effortless pipetting

96/384 nest converter

Easily transition from 96 to 384 well plates

Easy tip changes

Filtered and non-filtered precision tips in 96 cartridges with RingLock seal technology

Multi use deck

Stack plates for multi dispensing & space saving reservoir placement below the deck

Intuitive app

Start pipetting instantly with easy to follow controls or set-up complex assays offline
