*Data Sheet***Rice Genomic DNA**

Catalog #: PLG-1004

Quantity: 100 µg

Storage Conditions: Store at -20°C. It is good for one year of the date of purchase if stored properly.

Applications: Zyagen genomic DNA is suitable for PCR analysis, Southern blot analysis, and DNA library construction.

Quality Control:

- The integrity and purity of genomic DNA was tested by agarose gel electrophoresis and spectrophotometer.
- DNA is successfully digested by Hind III enzyme.

Description: Genomic DNA is extracted from leaves of rice plant, treated with DNase-free RNase to remove contaminant RNA and suspended in TE buffer.

Note: Do not vortex, mix by gentle pipetting.

Intended use of the products: All products sold by AMSBIO are intended for research use only and must not be used for medical diagnostic or drug purposes. AMSBIO products may not resell, modified for resale or used to manufacture commercial products without written approval from AMSBIO.

Limited product warranty: AMSBIO has a total quality assurance policy. If any product does not meet the specification stated in the product data sheet will be replaced at no charge. This warranty limits AMSBIO liability to the replacement of the product only. No other warranties of any kind, express or implied, including without limitation, implied warranties of merchantability or fitness for a particular purpose, are provided by AMSBIO. AMSBIO shall not liable for any incidental, indirect, special or consequential damages, even if it is aware of the possibility of such damages.
