*Data Sheet***Ready-to-Use Wistar Rat Brain, Region 08 Paraffin Tissue Sections****Catalog #:** RP-201-08-WS**Quantity:** 10 slides**Storage Conditions:** Store slides at room temperature in a dry place or at 4°C in a sealed bag containing desiccant. Sections are good for 1 year of the date of purchase if stored properly.**Applications:** Rat paraffin tissue sections are ideal for:

- Cellular localization of the protein of interest in rat tissues by immunohistochemistry.
- Cellular localization of the mRNA of interest in rat tissues by *in situ* hybridization or *in situ* PCR using both radioactive- and non-radioactive-labeled probes.

**Description:** Tissues are freshly harvested from Wistar rats, fixed in 10% buffered neutral formalin and processed for embedding in low temperature melting paraffin. Tissue blocks are cut at a thickness of 5 and mounted on slides treated for adherence. Each slide contains 1 to 3 sections depending on the size of the tissue in the block. All tissue preparation steps from harvesting to embedding in paraffin are done in RNase-, DNase-, and protease-free conditions.**Shipping:** Slides are shipped at room temperature in a slide mailer or slide box.**Prior to use:** Remove paraffin by dipping slides in xylene or any substitutive agent (3 changes 5 minute each), rehydrate in serial ethanol dilutions, and finally wash with PBS. For *in situ* hybridization use, make alcohol solutions and PBS in RNase-free water.

**Intended use of the products:** All products sold by AMSBIO are intended for research use only and must not be used for medical diagnostic or drug purposes. AMSBIO products may not resell, modified for resale or used to manufacture commercial products without written approval from AMSBIO.

**Limited product warranty:** AMSBIO has a total quality assurance policy. If any product does not meet the specification stated in the product data sheet will be replaced at no charge. This warranty limits AMSBIO's liability to the replacement of the product only. No other warranties of any kind, express or implied, including without limitation, implied warranties of merchantability or fitness for a particular purpose, are provided by AMSBIO. AMSBIO shall not be liable for any incidental, indirect, special or consequential damages, even if it is aware of the possibility of such damages.
