# SMARCD2/BAF60b Antibody

Rabbit Polyclonal

|                           |            |             |
|---------------------------|------------|-------------|
| Antigen Affinity Purified | RefSeq ID  | NP_003068.2 |
| Catalog No. A301-596A-T   | Uniprot ID | Q92925      |
| Lot No. A301-596A-T-2     | GeneID     | 6603        |

|                       |                                                                                                          |
|-----------------------|----------------------------------------------------------------------------------------------------------|
| APPLICATIONS          | WB                                                                                                       |
| SPECIES REACTIVITY    | Human                                                                                                    |
| PRESUMED REACTIVITY   | Based on 100% sequence identity, this antibody is predicted to react with Mouse, Rat and Bovine          |
| AMOUNT                | 10 µl                                                                                                    |
| CONCENTRATION         | 200 µg/ml                                                                                                |
| STORAGE/SHELF LIFE    | 2 – 8°C / 1 year from date of receipt                                                                    |
| PHYSICAL STATE        | Liquid                                                                                                   |
| BUFFER                | Tris-buffered Saline containing 0.1% BSA and 0.09% Sodium Azide                                          |
| ISOTYPE               | IgG                                                                                                      |
| ORIGIN                | USA                                                                                                      |
| PRODUCTION PROCEDURES | Antibody was affinity purified using an epitope specific to SMARCD2/BAF60b immobilized on solid support. |

The epitope recognized by A301-596A-T maps to a region between residue 425 and 475 of human SWI/SNF related, matrix associated, actin dependent regulator of chromatin, subfamily d, member 2 (mammalian chromatin remodeling complex BRG1-associated factor 60B) using the numbering given in entry NP\_003068.2 (GeneID 6603).

**APPLICATIONS** Centrifuge tube to remove product from lid. Optimal working dilutions should be determined experimentally by the investigator. Prepare working dilution immediately before use.

Western Blot 1:2,000 – 1:10,000

This document certifies that this product has met all of the quality control standards defined by Bethyl Laboratories, Inc.  
Michael Spencer, PhD Date: March 6, 2023

**Detection of human SMARCD2/BAF60b by western blot.**

*Samples:* Whole cell lysate (50 µg) from Jurkat, LNCaP, MCF-7, and HeLa cells prepared using NETN lysis buffer.

*Antibody:* Affinity purified rabbit anti-SMARCD2/BAF60b antibody (A301-596A lot 2) used for WB at 0.1 µg/ml.

*Detection:* Chemiluminescence with an exposure time of 3 minutes.
