### SZABO-SCANDIC HandelsgmbH

Quellenstraße 110, A-1100 Wien T. +43(0)1 489 3961-0 F. +43(0)1 489 3961-7 <u>mail@szabo-scandic.com</u> www.szabo-scandic.com

# **PRODUCT** INFORMATION

**URB597** 

Item No. 10046

CAS Registry No.:	546141-08-6	$0 > \sqrt{NH_2}$	
Formal Name:	(3'-(aminocarbonyl)[1,1'-biphenyl]-		
	3-yl)-cyclohexylcarbamate		
MF:	$C_{20}H_{22}N_2O_3$	Н	
FW:	338.4		
Purity:	≥98%		
Supplied as:	A crystalline solid		
Storage:	-20°C		
Stability:	≥2 years	$\sim$	

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

#### Laboratory Procedures

URB597 is supplied as a crystalline solid. A stock solution may be made by dissolving the URB597 in the solvent of choice. URB597 is soluble in organic solvents such as ethanol, DMSO, and dimethyl formamide (DMF), which should be purged with an inert gas. The solubility of URB597 in ethanol is approximately 1 mg/ml and approximately 10 mg/ml in DMSO and DMF.

URB597 is sparingly soluble in aqueous buffers. For maximum solubility in aqueous buffers, URB597 should first be dissolved in DMSO or DMF and then diluted with the aqueous buffer of choice. URB597 has a solubility of approximately 500 μg/ml in DMSO in a 1:2 solution of DMSO:PBS (pH 7.2) and approximately 500 µg/ml in DMF in a 1:1 solution of DMF:PBS (pH 7.2) using this method. We do not recommend storing the aqueous solution for more than one day.

#### Description

URB597 is a potent and selective inhibitor of fatty acid amide hydrolase (FAAH), the enzyme that hydrolyzes anandamide (AEA; Item No. 90050) and other simple esters and amides with long unsaturated acyl chains (IC<sub>50</sub> = 4.6 nM and 0.5 nM in brain membranes and intact neurons, respectively).<sup>1,2</sup> URB597 exhibits both antinociceptive and anxiolytic effects in vivo without evoking other symptoms associated with cannabinoid-like compounds. This antinociceptive effect is similar to those observed in FAAH<sup>(-/-)</sup> mice.<sup>3</sup>

#### SAFFTY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
