# PRODUCT INFORMATION

## Colchicoside

Item No. 11831

**CAS Registry No.:** 477-29-2  
**Formal Name:** N-[(7S)-3-(β-D-glucopyranosyloxy)-5,6,7,9-tetrahydro-1,2,10-trimethoxy-9-oxobenzo[a]heptalen-7-yl]-acetamide  
**Synonym:** 3-Demethylcolchicine glucoside  
**MF:** C<sub>27</sub>H<sub>33</sub>NO<sub>11</sub>  
**FW:** 547.6  
**Purity:** ≥98%  
**UV/Vis.:** λ<sub>max</sub>: 244, 247 nm  
**Supplied as:** A crystalline solid  
**Storage:** -20°C  
**Stability:** ≥4 years  
**Item Origin:** Natural/Source unknown

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

### Laboratory Procedures

Colchicoside is supplied as a crystalline solid. A stock solution may be made by dissolving the colchicoside in the solvent of choice, which should be purged with an inert gas. Colchicoside is soluble in organic solvents such as DMSO and dimethyl formamide. The solubility of colchicoside in these solvents is approximately 30 mg/ml.

Further dilutions of the stock solution into aqueous buffers or isotonic saline should be made prior to performing biological experiments. Ensure that the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. Organic solvent-free aqueous solutions of colchicoside can be prepared by directly dissolving the crystalline solid in aqueous buffers. The solubility of colchicoside in PBS, pH 7.2, is approximately 10 mg/ml. We do not recommend storing the aqueous solution for more than one day.

### Description

Colchicoside is a glycoside form of 3-demethylcolchicine that has been found in *G. superba*.<sup>1</sup> Unlike colchicine and 3-demethylcolchicine, colchicoside does not displace [<sup>3</sup>H]-colchicine from rat brain tubulin *in vitro* when used at a concentration of 25 μM.<sup>2</sup> Colchicoside (1 and 10 μM) increases levels of the cytochrome P450 (CYP) isoforms CYP2C9 and CYP2E1 in primary human hepatocytes.<sup>3</sup>

#### WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

#### SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

#### WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
