# PRODUCT INFORMATION

## BPTES

Item No. 19284

**CAS Registry No.:** 314045-39-1  
**Formal Name:** N,N'-[thiobis(2,1-ethanediyl-1,3,4-thiadiazole-5,2-diyl)]bis-benzeneacetamide  
**MF:** C<sub>24</sub>H<sub>24</sub>N<sub>6</sub>O<sub>2</sub>S<sub>3</sub>  
**FW:** 524.7  
**Purity:** ≥95%  
**UV/Vis.:** λ<sub>max</sub>: 254 nm  
**Supplied as:** A crystalline solid  
**Storage:** -20°C  
**Stability:** ≥2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

### Laboratory Procedures

BPTES is supplied as a crystalline solid. A stock solution may be made by dissolving the BPTES in the solvent of choice. BPTES is soluble in organic solvents such as DMSO and dimethyl formamide, which should be purged with an inert gas. The solubility of BPTES in these solvents is approximately 20 and 10 mg/ml, respectively.

BPTES is sparingly soluble in aqueous buffers. For maximum solubility in aqueous buffers, BPTES should first be dissolved in DMSO and then diluted with the aqueous buffer of choice. BPTES has a solubility of approximately 0.33 mg/ml in a 1:2 solution of DMSO:PBS (pH 7.2) using this method. We do not recommend storing the aqueous solution for more than one day.

### Description

BPTES is an allosteric inhibitor of kidney-type glutaminase 1 (GLS1; IC<sub>50</sub> = 3.3 μM) that drives the formation of inactive GLS1 tetramers.<sup>1</sup> It is selective for GLS1 over GLS2, glutamate dehydrogenase, and γ-glutamyl transpeptidase. BPTES decreases glutaminase activity and reduces proliferation of aerobic P493 cells as well as induces cell death, increases the production of reactive oxygen species (ROS), and reduces ATP levels in hypoxic P493 cells.<sup>2</sup> It also decreases ATP-linked and uncoupled oxygen consumption in C2C12 myotubes when used in combination with UK 5099 (Item No. 16980) and/or etomoxir (Item No. 11969).<sup>3</sup> *In vivo*, BPTES (12.5 mg/kg) reduces tumor volume in a P493 lymphoma mouse xenograft model.<sup>2</sup>

#### WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

#### SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the [complete](#) Safety Data Sheet, which has been sent via email to your institution.

#### WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
