PRODUCT INFORMATION

NCH-51

Item No. 21234

CAS Registry No.: 848354-66-5
Formal Name: S-[7-oxo-7-[(4-phenyl-2-thiazolyl)amino]heptyl] ester, 2-methyl-propanethioic acid

Synonym: PTACH
MF: C₂₀H₂₆N₂O₂S₂

FW: 390.6

Purity: ≥98%

UV/Vis.: λ_{max}: 233, 269 nm

Supplied as: A crystalline solid

Storage: -20°C

Stability: ≥2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

NCH-51 is supplied as a crystalline solid. A stock solution may be made by dissolving the NCH-51 in the solvent of choice. NCH-51 is soluble in organic solvents such as ethanol, DMSO, and dimethyl formamide (DMF), which should be purged with an inert gas. The solubility of NCH-51 is approximately 10 mg/ml in ethanol and approximately 30 mg/ml in DMSO and DMF.

NCH-51 is sparingly soluble in aqueous buffers. For maximum solubility in aqueous buffers, NCH-51 should first be dissolved in DMSO and then diluted with the aqueous buffer of choice. NCH-51 has a solubility of approximately 0.5 mg/ml in a 1:1 solution of DMSO:PBS (pH 7.2) using this method. We do not recommend storing the aqueous solution for more than one day.

Description

NCH-51 is an inhibitor of histone deacetylases (HDACs) with IC₅₀ values of 48, 32, and 41 nM for HDAC1, 4, and 6, respectively.¹ It increases acetylation of histone H4 and α-tubulin in HCT116 cells when used at concentrations ranging from 1 to 25 μM and inhibits the growth of a variety of cancer cell lines (EC₅₀s = 1.1-9.1 μM).^{2,3} NCH-51 (0.4-1.6 μM) also induces HIV-1 viral replication in OM10.1 and ACH-2 cells latently infected with HIV-1 when used alone and, to a greater effect, when used in the presence of TNF-α, with cytotoxic concentration (CC₅₀) values of approximately 2 μM for both cell lines.¹

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
