PRODUCT INFORMATION

SA 4503

Item No. 26241

CAS Registry No.: 165377-44-6
Formal Name: 1-[2-(3,4-dimethoxyphenyl)ethyl]-4-(3-phenylpropyl)-piperazine, dihydrochloride
Synonyms: AGY 94806, Cutamesine
MF: C₂₃H₃₂N₂O₂ • 2HCl
FW: 441.4
Purity: ≥98%
Supplied as: A crystalline solid
Storage: -20°C
Stability: ≥4 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

SA 4503 is supplied as a crystalline solid. Aqueous solutions of SA 4503 can be prepared by directly dissolving the crystalline solid in aqueous buffers. The solubility of SA 4503 in PBS, pH 7.2, is approximately 5 mg/ml. We do not recommend storing the aqueous solution for more than one day.

Description

SA 4503 is a sigma-1 (σ_1) receptor agonist that is selective for σ_1 over σ_2 receptors in a radioligand binding assay using guinea pig brain homogenates (K_i s = 4.6 and 63 nM, respectively).^{1,2} SA 4503 (10 μ M) reduces light-induced cell death, decreases in σ_1 expression, disruption of the mitochondrial membrane potential, and activation of caspase-3/7 in murine 661W cells, effects that are blocked by the σ_1 receptor antagonist BD 1047 (Item No. 22928).² *In vivo*, SA 4503 (10 mg/kg) increases extracellular acetylcholine concentrations in the frontal cortex and improves step-through latency in a passive avoidance test in rats with scopolamine-induced memory impairment.³ SA 4503 reduces working and reference memory errors induced by a time delay and MK-801 (Item No. 10009019) in a radial arm maze in rats when administered at a dose of 0.3 mg/kg, effects which are ameliorated by the σ_1 antagonist NE-100 (Item No. 19642).⁴ Pre-administration of SA 4503 (500 μ M) into the intravitreal space reduces light-induced thinning of the mouse retina outer nuclear layer by approximately 50%.²

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
