PRODUCT INFORMATION

Levofloxacin-d₈ (hydrochloride)

Item No. 29080

Formal Name: (3S)-9-fluoro-2,3-dihydro-3-methyl-10-(4-methyl-1-piperazinyl-2,2,3,3,5,5,6,6-d₈)-7-oxo-7H-pyrido[1,2,3-de]-1,4-benzoxazine-6-carboxylic acid, monohydrochloride

MF: C₁₈H₁₂D₈FN₃O₄ • HCl

FW: 405.9

Chemical Purity: ≥98% (Levofloxacin)

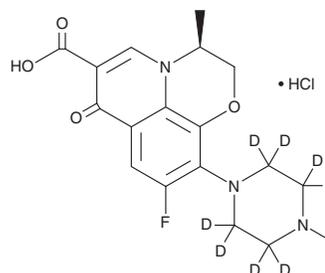

Deuterium

Incorporation: ≥99% deuterated forms (d₁-d₈); ≤1% d₀

Supplied as: A solid

Storage: -20°C

Stability: ≥2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

Levofloxacin-d₈ (hydrochloride) is intended for use as an internal standard for the quantification of levofloxacin (Item No. 20382) by GC- or LC-MS. The accuracy of the sample weight in this vial is between 5% over and 2% under the amount shown on the vial. If better precision is required, the deuterated standard should be quantitated against a more precisely weighed unlabeled standard by constructing a standard curve of peak intensity ratios (deuterated versus unlabeled).

Levofloxacin-d₈ (hydrochloride) is supplied as a solid. A stock solution may be made by dissolving the levofloxacin-d₈ (hydrochloride) in the solvent of choice, which should be purged with an inert gas. Levofloxacin-d₈ (hydrochloride) is soluble in DMSO.

Description

Levofloxacin is a fluoroquinolone antibiotic and the active stereoisomer of ofloxacin (Item No. 22891).¹ It is active against *S. aureus*, *S. epidermidis*, *B. subtilis*, *E. coli*, *P. aeruginosa*, and *K. pneumoniae* (MICs = 0.25, 0.25, 0.5, 0.03, 4, and 0.25 µg/ml, respectively).² Levofloxacin inhibits *S. aureus* DNA gyrase and topoisomerase IV (IC₅₀s = 8.06 and 9.81 µg/ml, respectively).³ It eliminates infection in rat models of endocarditis caused by methicillin-sensitive or -resistant *S. aureus*.⁴ Formulations containing levofloxacin have been used in the treatment of various bacterial infections.

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
