PRODUCT INFORMATION

N-Nitroso Desloratadine-d₄

Item No. 34741

Formal Name: 8-chloro-11-(1-nitrosopiperidin-4-ylidene-2,2,6,6-d₄)-6,11-dihydro-5H-benzo[5,6]cyclohepta[1,2-b]pyridine
MF: C₁₉H₁₄ClD₄N₃O
FW: 343.8
Chemical Purity: ≥95% (N-nitroso desloratadine)
Deuterium Incorporation: ≥99% deuterated forms (d₁-d₄); ≤1% d₀
Supplied as: A solid
Storage: -20°C
Stability: ≥2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

N-Nitroso desloratadine-d₄ is intended for use as an internal standard for the quantification of N-nitroso desloratadine by GC- or LC-MS. The accuracy of the sample weight in this vial is between 5% over and 2% under the amount shown on the vial. If better precision is required, the deuterated standard should be quantitated against a more precisely weighed unlabeled standard by constructing a standard curve of peak intensity ratios (deuterated *versus* unlabeled).

N-Nitroso desloratadine-d₄ is supplied as a solid. A stock solution may be made by dissolving the N-nitroso desloratadine-d₄ in the solvent of choice, which should be purged with an inert gas. N-Nitroso desloratadine-d₄ is slightly soluble in DMSO.

Description

N-Nitroso desloratadine is a nitrosamine.¹

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the [complete](#) Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
