PRODUCT INFORMATION

Hinokiflavone

Item No. 36338

CAS Registry No.: 19202-36-9

Formal Name: 6-[4-(5,7-dihydroxy-4-oxo-4H-1-benzopyran-2-yl)phenoxy]-5,7-dihydroxy-2-(4-hydroxyphenyl)-4H-1-benzopyran-4-one

MF: C₃₀H₁₈O₁₀

FW: 538.5

Purity: ≥95%

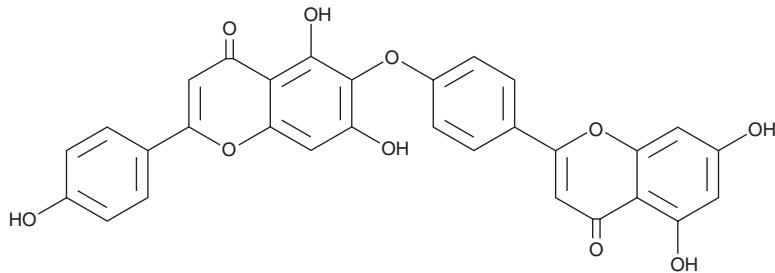

UV/Vis.: λ_{max}: 214, 271, 339 nm

Supplied as: A solid

Storage: -20°C

Stability: ≥4 years

Item Origin: Plant/*Platycladus orientalis*

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

Hinokiflavone is supplied as a solid. A stock solution may be made by dissolving the hinokiflavone in the solvent of choice, which should be purged with an inert gas. Hinokiflavone is soluble in acetone, chloroform, dichloromethane, DMSO, and ethyl acetate.

Description

Hinokiflavone is a biflavanoid that has been found in *A. dammara* and has diverse biological activities.¹⁻⁴ It inhibits the aggregation of amyloid-β (1-40) (Aβ40; Item No. 21617) *in vitro* (IC₅₀ = 9.5 μM).¹ Hinokiflavone (10 μM) promotes pre-mRNA splicing of the genes encoding myeloid cell leukemia-1 (Mcl-1) and eukaryotic translation initiation factor 4α subunit (eIF4α) and inhibits pre-mRNA splicing of the genes encoding heat shock protein 40 (Hsp40) and RIO kinase 3 (RIOK3) in NB4 cells, as well as increases protein SUMOylation in HEK293 cells.² It has antiviral activity against the influenza A subtypes H1N1 and H1N3, influenza B, parainfluenza type 3, and respiratory syncytial virus (RSV) in cytopathic effect assays (IC₅₀s = 1.4, 1.3, 1.2, 1, and 2.5 μg/ml, respectively).³ Hinokiflavone (10-40 μM) inhibits the migration and invasion of, and induces apoptosis in, KYSE-150 esophageal squamous cell carcinoma (ESCC) cells *in vitro* and reduces tumor volume in a KYSE-150 mouse xenograft model when administered at doses of 25 or 50 mg/kg.⁴

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
