PRODUCT INFORMATION

BAY-0069

Item No. 41525

CAS Registry No.: 420826-65-9

Formal Name: 2-bromo-N-[2-(4-ethylphenyl)-5-benzoxazolyl]-5-nitro-benzamide

MF: C₂₂H₁₆BrN₃O₄

FW: 466.3

Purity: ≥98%

Supplied as: A solid

Storage: -20°C

Stability: ≥4 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

BAY-0069 is supplied as a solid. A stock solution may be made by dissolving the BAY-0069 in the solvent of choice, which should be purged with an inert gas. BAY-0069 is sparingly soluble (1-10 mg/ml) in DMSO.

Description

BAY-0069 is a peroxisome proliferator-activated receptor γ (PPAR γ) inverse agonist.¹ It acts as an inverse agonist in a co-repressor reporter assay with a peptide from nuclear receptor co-repressor 2 (NCOR2; EC₅₀ = 9.6 nM). BAY-0069 selectively induces PPAR γ - over PPAR α - or PPAR δ -mediated gene transcription in reporter assays using CHO cells (IC₅₀s = 6.3, 7,500, and 9,000 nM for the human receptors, respectively). BAY-0069 inhibits the proliferation of UM-UC-9 human bladder cancer cells that endogenously contain a focal amplification of *PPARG*, the gene encoding PPAR γ (IC₅₀ = 2.5 nM). *In vivo*, BAY-0069 (75 mg/kg, i.p.) decreases intratumoral mRNA expression of the PPAR γ target gene *FABP4*, the gene encoding fatty acid binding protein 4, in a UM-UC-9 mouse xenograft model.

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
