Recombinant Human Thrombospondin-1

CLPRO288
CLPRO288-2
CLPRO288-3
Lot:

Introduction: Thrombospondin-1 (TSP1) is a member of the Thrombospondin family and is encoded by the gene THBS1 which is a subunit of a disulfide-linked homotrimeric protein. Thrombospondin-1 is an adhesive glycoprotein that mediates cell-to-cell and cell-to-matrix interactions. Thrombospondin-1 can bind to fibrinogen, fibronectin, laminin, type V collagen and integrins alpha-V/beta-1. TSP1 has been shown to play roles in platelet aggregation, angiogenesis, and tumorigenesis. TSP1 has been shown to be a natural inhibitor of neovascularization and tumorigenesis in healthy tissue. TSP1 interacts with no less than 12 cell adhesion receptors, including CD36, α_v integrins, β_1 integrins, syndecan, and integrin-associated protein (IAP or CD47). It also interacts with various proteases involved in angiogenesis, including plasminogen, urokinase, matrix metalloproteinase, thrombin, cathepsin, and elastase. Positive and negative modulation of endothelial cell adhesion, motility, and growth are attributed to TSP1. Recently, thrombospondin-1 was found to bind to the reelin receptors, ApoER2 and VLDLR, in so doing affecting neuronal migration in the rostral migratory stream.

Description: Recombinant human THBS1 is glycosylated with N-linked sugars and produced using baculovirus vectors in insect cells. Recombinant human THBS1 is reactive with A4.1 anti-TSP mAb and its Mw is 140,000 Dalton.

Synonyms: Thrombospondin-1, THBS1, TSP, TSP1, THBS, THBS-1.

Source: Baculovirus Insect Cells.

Presentation: 2 μ g (CLPRO288), 10 μ g (CLPRO288-2), or 0.1 mg (CLPRO288-3), sterile filtered clear solution. The sterile protein solution contains 20 mM Sodium phosphate, pH 6.0 and 300 mM NaCl.

Stability: Recombinant human TSP should be stored between 2 - 8°C. For long term storage it is recommended to add a carrier protein (0.1% HSA or BSA). **Please prevent freeze-thaw cycles.**

Purity:

Greater than 90.0% as determined by:

- (a) Analysis by RP-HPLC.
- (b) Analysis by SDS-PAGE.

Laboratory Reagent For Research Use Only

JV 03/03/09
