Background

TNM-FH medium is an improved Grace's insect medium. After proper supplementation, it can be used for the culture of various Lepidoptera insect cells. TNM-FH medium contains amino acids, vitamins, inorganic salts and other ingredients required for various types of cell culture, but does not contain protein, lipids or any growth factors, so this product needs to be used with serum or serum-free additives.

Notes

1. This product is for research use only.
2. It is necessary to pay attention to the aseptic operation and avoid the pollution.
