

# SZABO SCANDIC

Part of Europa Biosite

## Produktinformation

Forschungsprodukte & Biochemikalien

Zellkultur & Verbrauchsmaterial

Diagnostik & molekulare Diagnostik

Laborgeräte & Service

## ZDHHC20 antibody

Cat. No. GTX04833

|             |                   |
|-------------|-------------------|
| Host        | Rabbit            |
| Clonality   | Polyclonal        |
| Isotype     | IgG               |
| Application | WB, ICC/IF, IHC-P |
| Reactivity  | Human             |

Package  
100 µl

## APPLICATION

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | 1:500-1:1000         |
| ICC/IF             | 1:100-1:500          |
| IHC-P              | 1:50-1:200           |

Not tested in other applications.

Calculated MW 42 kDa. ( [Note](#) )

## PROPERTIES

|               |                                                                                                                                                                                                                            |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form          | Liquid                                                                                                                                                                                                                     |
| Buffer        | PBS, 150mM NaCl, 50% Glycerol                                                                                                                                                                                              |
| Preservative  | 0.02% Sodium Azide                                                                                                                                                                                                         |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| Concentration | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                                                   |
| Immunogen     | A synthesized peptide derived from human ZDHHC20, corresponding to a region within the internal amino acids.                                                                                                               |
| Purification  | Purified by antigen-affinity chromatography<br>From serum                                                                                                                                                                  |
| Conjugation   | Unconjugated                                                                                                                                                                                                               |

## Note

For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.

## DATA IMAGES

### GTx04833 WB Image

WB analysis of COLO 205 whole cell lysate using GTx04833 ZDHHC20 antibody.

### GTx04833 IHC-P Image

IHC-P analysis of human lung cancer and para-carcinoma tissue using GTx04833 ZDHHC20 antibody.

Antigen retrieval : Heat mediated citrate buffer

Dilution : 1:100

### GTx04833 ICC/IF Image

ICC/IF analysis of PFA-fixed HeLa cells using GTx04833 ZDHHC20 antibody.

Red : Primary antibody

Green : Beta tubulin

Blue : DAPI

Permeabilization : 0.1% Triton X-100
