# Apolipoprotein M antibody [ARC1210]

**Cat. No. GTX04920**

|                    |                   |
|--------------------|-------------------|
| <b>Host</b>        | Rabbit            |
| <b>Clonality</b>   | Monoclonal        |
| <b>Isotype</b>     | IgG               |
| <b>Application</b> | WB, ICC/IF, IHC-P |
| <b>Reactivity</b>  | Human, Mouse      |

**Package**  
100 µl

## APPLICATION

### Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | 1:500-1:1000         |
| ICC/IF             | 1:50-1:200           |
| IHC-P              | Assay dependent      |

Not tested in other applications.

**Calculated MW** 21 kDa. ( [Note](#) )

## PROPERTIES

|                      |                                                                                                                                                                                                                            |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Form</b>          | Liquid                                                                                                                                                                                                                     |
| <b>Buffer</b>        | PBS, 0.05% BSA, 50% Glycerol                                                                                                                                                                                               |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                                                                                                                                         |
| <b>Storage</b>       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| <b>Concentration</b> | Batch dependent (Please refer to the vial label for the specific concentration.)                                                                                                                                           |
| <b>Immunogen</b>     | A synthetic peptide corresponding to a sequence within amino acids 1-100 of human ApoM (O95445).                                                                                                                           |
| <b>Purification</b>  | Purified by affinity chromatography                                                                                                                                                                                        |
| <b>Conjugation</b>   | Unconjugated                                                                                                                                                                                                               |

### Note

For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.

## DATA IMAGES

### GTx04920 IHC-P Image

IHC-P analysis of human liver cancer tissue using GTx04920 Apolipoprotein M antibody [ARC1210].

Antigen retrieval : High pressure antigen retrieval with 0.01 M citrate buffer (pH 6.0)

Dilution : 1:100

### GTx04920 WB Image

WB analysis of various samples using GTx04920 Apolipoprotein M antibody [ARC1210].

Loading : 25µg

Dilution :1:1000

### GTx04920 ICC/IF Image

ICC/IF analysis of HepG2 cells using GTx04920 Apolipoprotein M antibody [ARC1210].

Red : Primary antibody

Green : α-Tubulin

Blue : DAPI

Dilution : 1:100
