# Human IgG antibody [5A9]

**Cat No. GTX27499**

|                    |            |
|--------------------|------------|
| <b>Host</b>        | Mouse      |
| <b>Clonality</b>   | Monoclonal |
| <b>Isotype</b>     | IgG2a      |
| <b>Application</b> | ELISA      |
| <b>Reactivity</b>  | Human      |

**Package**  
1 mg

## APPLICATION

### Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Dilution        |
|--------------------|-----------------|
| ELISA              | Assay dependent |

Not tested in other applications.

**Specificity/Sensitivity** No allotype restriction. Relatively high affinity. No cross-reactivity with IgA, IgM, IgE. This antibody is Fc-region specific.

## PROPERTIES

|                      |                                                                                                                                          |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Form</b>          | Liquid                                                                                                                                   |
| <b>Buffer</b>        | PBS pH 7.4, 0.09 % sodium azide                                                                                                          |
| <b>Storage</b>       | Store as concentrated solution. Centrifuge briefly prior to opening vial. Store at 4° C.                                                 |
| <b>Concentration</b> | Batch dependent (Please refer to the vial label for the specific concentration.)                                                         |
| <b>Immunogen</b>     | IgG from human serum.                                                                                                                    |
| <b>Purification</b>  | Protein G purified                                                                                                                       |
| <b>Conjugation</b>   | Unconjugated                                                                                                                             |
| <b>Note</b>          | For laboratory use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption. |
