Anti-Human CD45RA (RPI/11)

FITC	45RAF-100T	100 test
PE-Cyanine7	45RAPC7-100T	100 test
APC	45RAA-100T	100 test

1. PRODUCT DESCRIPTION

- **Clone:** RPI/11;
- **Isotype:** Mouse IgG1;
- **Tested application:** flow cytometry;
- **Immunogen:** The anti-CD45RA monoclonal antibody derives from immunizing mice with purified human CD45;
- **Species reactivity:** Human;
- **Storage instruction:** store in the dark at 2-8 °C;
- **Storage buffer:** aqueous buffered solution containing protein stabilizer and 0.09% sodium azide (NaN₃);
- **Recommended usage:** Immunostep's CD45RA, clone RPI/11 is a monoclonal antibody intended for the identification and enumeration of helper/inducer T-cell subset and CD45RA+ cells using flow cytometry. This reagent is effective for direct immunofluorescence staining of human tissue for flow cytometric analysis using 1 test for 10⁶ cells;
- **Presentation:** liquid;
- **Source:** Supernatant proceeding from an in vitro cell culture of a cell hybridoma;
- **Purification:** Affinity chromatography;
- **Other names:** Ptprc, B220, CD45, CD45R, GPI80, L-CA, LY5, T200;
- **Gene ID:** 5788;
- **Molecular weight:** 220 kDa.

2. ANTIGEN DETAILS

Large description: The RPI/11 monoclonal antibody reacts with human CD45RA, a 220 kDa molecule expressed by subpopulations of CD4+ peripheral T lymphocytes, CD8+ peripheral T lymphocytes, and B cells. The CD45RA+ T cell populations are mainly naive/virgin allowing the use of RPI/11 mAb as a phenotypic marker to discriminate T cell subsets.¹⁽⁴⁾

3. WARRANTY

Warranted only to conform to the quantity and contents stated on the label or in the product labelling at the time of delivery to the customer. Immunostep disclaims hereby other warranties.

Immunostep's sole liability is limited to either the replacement of the products or refund of the purchase price.

4. ADDITIONAL INFORMATION

For research use only. Not for diagnostic use.

Not for resale. Immunostep will not be responsible of violations that may occur with the use of this product. Any use of this product other than the specified in this document is strictly prohibited.

Unless otherwise indicated by Immunostep by written authorization, this product is intended for research only and is not to be used for any other purpose, including without limitation, for human or animal diagnostic, therapeutic or commercial purposes.

Please, refer to www.immunostep.com technical support for more information.
