A photograph showing a female doctor in a white lab coat with a stethoscope, smiling and hugging a young girl with blonde pigtails. Another woman is partially visible in the background, looking towards them. The scene is set in a bright, modern clinical or hospital environment.

revogene[®]

Your Trusted Partner for Improved Operational Efficiencies and Standardization

The Revogene[®] platform provides healthcare systems a standardized, reliable molecular diagnostic solution through simplified sample processing and efficient workflows.

Healthcare providers can quickly make treatment decisions and provide optimal patient care in diverse clinical settings.

meridian BIOSCIENCE™
LIFE DISCOVERED. LIFE DIAGNOSED.

Your Trusted Partner To Provide Improved Operational Efficiencies And Deliver Standardization

Efficient workflow with molecular accuracy

- The molecular precision of Revogene® helps laboratories deliver positive results to physicians in 42 to 70 minutes
- Simplified sample prep and multiple sample types provides flexibility to the laboratory's workflow
- The Revogene® intuitive graphical interface feels familiar right out of the box. Bidirectional communication capability can fully integrate the system into your laboratory
- Revogene® is reliable and features low maintenance requirements
- rtPCR technology with random access* and multiplexing ability delivers accuracy and the ability to meet variable testing demands

A platform to grow with your healthcare system

- Revogene® is a flexible molecular platform that can help standardize testing throughout your health system
- The small footprint enables networks to place instruments everywhere from the central laboratory to near-patient testing facilities
- Novel testing solutions such as smart panels and resistance testing helps deliver treatment decision support
- The Revogene® platform can be used in conjunction with Meridian immunoassay solutions for a total testing solution that can enable healthcare systems to improve physician and patient satisfaction, standardize and maximize operational efficiency

How Meridian can help you

- You and your patients are central to everything we do—from research to new products in our robust pipeline
- We work everyday to deliver expertise and innovation in gastrointestinal and respiratory disease testing and supporting the wellbeing of children to improve health outcomes and build a healthier community

*ability to run multiple assays simultaneously

Revogene® Physical Specifications

Height: 33 cm (13 in.)
Width: 24 cm (9.5 in.)
Depth: 40 cm (15.75 in.)
Weight: 10 kg (22 lbs)

Revogene® Assay Menu

FDA Cleared, CE Marked

C. difficile
Group A Strep
GBS LB*
Carba colony

CE Marked

GBS DS

Future Menu Road Map

Bacterial GI smart panel
H. pylori/antimicrobial resistance
Respiratory smart panel

*Available in the United States only

Sample to Result in 3 Steps

Less than 2 minutes hands on time

		
1 Discharge Sample	2 Load Sample into the PIE	3 Place PIE into instrument and start

The Revogene® Platform Advantage

Efficient Workflow

- Multiple sample types, simplified sample prep, and 2 minutes hands on time coupled with random access* testing and an intuitive user interface delivers positive results in 42 to 70 minutes
- Bidirectional communication capability can fully integrate the system into your laboratory

Platform for Growth

- Revogene® is a flexible molecular platform capable of single analyte and multiplex testing that is packaged in a small footprint, and can help standardize testing throughout your health system
- Novel testing solutions such as smart panels and resistance testing delivers accurate treatment decision support
- Can be paired with Meridian immunoassay solutions for a scalable testing solution

Trusted Partner

- Meridian's robust quality system backed by best-in-class technical support and customer service provide you the confidence needed in today's complex healthcare environment

*ability to run multiple assays simultaneously

Ordering Information:

Item	Catalog Number
Revogene® Instrument	610210
Revogene GBS DS test kit	410100
Revogene GBS LB test kit	410200
Revogene <i>C. difficile</i> test kit	410300
Revogene Strep A test kit	410400
Revogene Carba C test kit	410500
All Revogene® test kits contain 24 tests each
