## 1,3-Dimethoxybenzene-d<sub>3</sub>

|                    |                                                                                           |
|--------------------|-------------------------------------------------------------------------------------------|
| Cat. No.:          | HY-34487S3                                                                                |
| CAS No.:           | 78955-99-4                                                                                |
| Molecular Formula: | C <sub>8</sub> H <sub>7</sub> D <sub>3</sub> O <sub>2</sub>                               |
| Molecular Weight:  | 141.18                                                                                    |
| Target:            | Isotope-Labeled Compounds                                                                 |
| Pathway:           | Others                                                                                    |
| Storage:           | Please store the product under the recommended conditions in the Certificate of Analysis. |

### BIOLOGICAL ACTIVITY

#### Description

1,3-Dimethoxybenzene-d<sub>3</sub> (Resorcinol dimethyl ether-d<sub>3</sub>) is the deuterium labeled 1,3-Dimethoxybenzene (HY-34487). 1,3-Dimethoxybenzene belongs to the class of organic compounds known as dimethoxybenzenes. 1,3-Dimethoxybenzene is an intermediate in synthesis of organic compounds<sup>[1]</sup>.
