

# SZABO SCANDIC

Part of Europa Biosite

## Produktinformation

Forschungsprodukte & Biochemikalien

Zellkultur & Verbrauchsmaterial

Diagnostik & molekulare Diagnostik

Laborgeräte & Service

Weitere Information auf den folgenden Seiten!

## Sulfo-Cy5 carboxylic acid potassium

|                    |                                                                                           |
|--------------------|-------------------------------------------------------------------------------------------|
| Cat. No.:          | HY-D1374                                                                                  |
| CAS No.:           | 1144107-82-3                                                                              |
| Molecular Formula: | C <sub>32</sub> H <sub>37</sub> KN <sub>2</sub> O <sub>8</sub> S <sub>2</sub>             |
| Molecular Weight:  | 680.87                                                                                    |
| Target:            | Fluorescent Dye                                                                           |
| Pathway:           | Others                                                                                    |
| Storage:           | Please store the product under the recommended conditions in the Certificate of Analysis. |

### BIOLOGICAL ACTIVITY

#### Description

Sulfo-Cy5 carboxylic acid potassium is a water-soluble, inactive Cy5 carboxylic acid.
