**Datasheet for KBB-001****2X SDS-PAGE Sample Buffer****Overview**

<b>Description:</b>	2X SDS-PAGE Sample Buffer - KBB-001
<b>Item No.:</b>	KBB-001
<b>Size:</b>	1.5 mL
<b>Applications:</b>	SDS-PAGE

**Product Details**

<b>Background:</b>	SDS-PAGE, sodium dodecyl sulfate polyacrylamide gel electrophoresis, describes a technique widely used in biochemistry to separate proteins according to their electrophoretic mobility (a function of the length of a polypeptide chain and its charge) and no other physical feature. SDS is an anionic detergent applied to protein sample to linearize proteins and to impart a negative charge to linearized proteins. 2X SDS-PAGE Sample Loading Buffer is suitable for laboratory involved in protein biochemistry. Visit our newly expanded web site at <a href="http://www.rockland.com">www.rockland.com</a> for methods using this and other buffers.
<b>Synonyms:</b>	Sample buffer for protein electrophoresis.
<b>Detection Kit Type:</b>	Immunoprecipitation Kit

**Target Details**

<b>Purity/Specificity:</b>	This product was aseptically filtered through a Millipore 0.22 micron filter into clean, pre-sterilized containers. The product was tested on trypticase soy agar for 24 hours, 48 hours and 72 hours and was found to be negative for bacteria.
----------------------------	--

**Application Details**

<b>Tested Applications:</b>	SDS-PAGE
<b>Application Note:</b>	This product is a concentrated stock solution and should be diluted appropriately with distilled, deionized water or equivalent to its final working concentration. 2X SDS-PAGE Sample Buffer consists of 0.125 M Tris-HCl, 4% (w/v) SDS, 20% (v/v) Glycerol and 0.01% (w/v) bromophenol blue. The pH of this solution is 6.8. Meticulously prepared using ultra pure reagents dissolved in highly polished pharmaceutical grade deionized water.

**Assay Dilutions:** All assays should be optimized by the user. Recommended dilutions (if any) may be listed below.

## Formulation

<b>Physical State:</b>	Liquid (sterile filtered)
<b>Concentration:</b>	2X
<b>Buffer:</b>	See application note.
<b>Preservative:</b>	None
<b>Stabilizer:</b>	None

## Shipping & Handling

<b>Shipping Condition:</b>	Dry Ice
<b>Storage Condition:</b>	See kit insert for complete instructions.
<b>Expiration:</b>	See kit insert for complete instructions.
