

Safety Data Sheet

SDS No. M1006
Date Revised: OCTOBER 2012
Supersedes: APRIL 2011

SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: Negative Controls

PRODUCT CODE: 2200, 2200GBM, 2254

PRODUCT USE: Use as a QC function for the kit

SUPPLIER: Immco Diagnostics, Inc.
60 Pineview Drive, Buffalo, New York 14228
Tel: 716-691-0091 Toll Free: 800-537-8378
Fax: 716-691-0466

MANUFACTURER: Immco Diagnostics, Inc.
60 Pineview Drive, Buffalo, New York 14228
Tel: 716-691-0091 Toll Free: 800-537-8378
Fax: 716-691-0466

Emergency: 716-691-0091

SECTION 2- HAZARDS IDENTIFICATION

GHS CLASSIFICATION:

Classification: Regulation (EC) No. 1272/2008[CLP/GHS]

Skin Irrit. Class 2
Eye Irrit. Class 2

Signal Wording: WARNING

Hazard statements: Causes skin irritation. Causes serious eye irritation. May be harmful if inhaled. May be irritating to mucous membranes and upper respiratory tract.

Precautionary statements: Wash hands thoroughly after handling. Wear protective gloves, clothing, eye and face protection.

Response:

- IF ON SKIN (or hair): Immediately remove contaminated clothing and wash before re-use. Wash skin immediately with soap and water. Get medical attention if irritation persists after washing.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.
IF SWALLOWED: Call a POISON CENTER or physician if you feel unwell. Rinse mouth.
INHALATION: If inhaled, remove to fresh air. Get medical attention for any breathing difficulty.

Classification according to Directive 67/548/EEC: Irritating to eyes, skin.

Hazard Symbol /R-Phrase/ S-Phrase: Xi, Irritant. R36/38, Irritating to eyes and skin. S26, S37/39, In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable gloves and protection.

Other hazards: None

SECTION 3- INFORMATION ON INGREDIENTS

Description: Negative Controls

Table with 5 columns: Contains, CAS No., EC-No., Index-No., Content. Rows include Human Serum, Sodium Azide, and Proprietary formulation.

Safety Data Sheet

SDS No. M1006
Date Revised: OCTOBER 2012
Supersedes: APRIL 2011

SECTION 4 – FIRST AID MEASURES

IF IN EYES: Flush with copious amounts of water for 15 minutes; contact a physician.
IF ON SKIN (or hair): Wash well with mild soap or water. Remove contaminated clothing. Flush skin surface with additional water.
IF INHALED: Remove victim to fresh air. Seek medical attention if victim is feeling unwell.
IF SWALLOWED: Flush mouth with plenty of water (do not swallow rinse water). Give plenty of water to drink. Obtain medical attention.

Potential Acute/delayed health effects:

Eye Contact: May cause temporary eye irritation.

Skin Contact: Prolonged skin contact may cause redness and irritation.

Inhalation: May cause coughing or mild irritation.

Ingestion: May cause discomfort if swallowed.

Notes to physician: Consult a physician. Show this safety data sheet to the doctor in attendance.

SECTION 5 – FIRE FIGHTING MEASURES

Suitable extinguishing agents: Normal extinguishing materials.

Hazards from the substance or mixture: In case of fire, toxic and corrosive gases may be formed.

Special precautions for the fire-fighters: Standard procedures for Class A fires. Use self-contained breathing apparatus (SCBA) and protective clothing for structural fire-fighting.

SECTION 6- ACCIDENTAL RELEASE MEASURES

Person-related safety precautions: Use appropriate personnel protective equipment to prevent contamination of skin, eyes, and personal clothing.

Measures for environmental protection: Keep away from drains.

Measures for containment and cleaning: Absorb spill with non-reactive material (such as vermiculite, dry sand, etc.). Clean area with household bleach and paper towels.

SECTION 7 – HANDLING and STORAGE

Precautions for safe handling: Avoid spilling, skin and eye contact. Wash hands and contaminated areas with soap and water.

Conditions for safe storage: Keep refrigerated at 2°-8° C

Other information: All human derived components have been tested and found to be negative for HB_sAg and for antibodies to HIV by FDA required tests. However, all human serum specimens and human derived products should be treated as potentially hazardous, regardless of their origin. Follow good laboratory practices in storing, dispensing and disposing of these materials as per Biosafety in Microbiological and Biomedical Laboratories. Centers for Disease Control, National Institutes of Health, 1993 (HHS Pub. No. [CDC] 93-8395).

SECTION 8 – EXPOSURE CONTROLS and PERSONAL PROTECTION

Control parameters: Contains no substances with occupational control limit values

Appropriate engineering controls: Use with adequate ventilation including local extraction. Ensure that eyewash stations and safety showers are close to the workstation location.

Individual protection measures: Wash hands thoroughly after handling chemical products and before eating, smoking or using the toilet. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before using.

Eye/face protection: Wear approved safety goggles

Skin/hand protection: Handle with protective gloves, rubber or plastic. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Body protection: Wear suitable protective clothing as protection against splashing or contamination.

Other skin protection: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved.

Respiratory protection: In the case of inadequate ventilation, use a suitable respirator. If the respirator is the sole means of protection, use a full-face supplied respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Safety Data Sheet

SDS No. M1006
Date Revised: OCTOBER 2012
Supersedes: APRIL 2011

SECTION 9 – PHYSICAL and CHEMICAL PROPERTIES

Appearance: Clear, colorless to slightly yellow liquid
Odor: No odor
Odor threshold: Not available
pH: Not available
Melting point/freezing point: Not available
Boiling point/ Boiling range: Not available
Flash point: Not available
Evaporation rate: Not available
Flammability (solid/gas): Not available

Upper/lower flammability or explosive limits: Not available
Vapor density: Not available
Vapor pressure: Not available
Relative density: Not available
Solubility in/Miscibility with Water: Not available
Partition coefficient: noctanol/water: Not available
Auto igniting: Not available
Decomposition temperature: Not available
Viscosity: Not available

SECTION 10 – STABILITY and REACTIVITY

Reactivity: Reacts with protic solvents (water, alcohols, amines, etc.) to release toxic hazard acid.
Chemical Stability: Stable under recommended storage conditions.
Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid: Sodium azide may react with lead and copper plumbing to form highly explosive metal azides; flush with copious water when pouring dilute solutions down the drain to prevent azide buildup.
Incompatible materials: Sensitive to heat (do not heat over 270° C), strong acids, strong oxidizing agents, strong bases, heavy metals.
Hazardous decomposition products: Nitrogen Oxides; Reacts with protic solvents (water, alcohols, amines, etc.) to release toxic hydrazoic acid.
Hazardous polymerization: Will not occur.

SECTION 11- TOXICOLOGICAL INFORMATION

Acute toxicity: May cause nausea, headache and vomiting
Skin corrosion/irritation: May cause skin irritation
Serious eye damage/irritation: May cause eye irritation
Respiratory or skin sensitization: May be irritating to mucous membranes and upper respiratory tract.
Germ Cell mutagenicity: No data available
Carcinogenicity: No data available
Reproductive toxicity: No data available
Specific target organ toxicity (STOT)- single exposure: No data available
Specific target organ toxicity (STOT)- repeated exposure: Nerves, heart, brain
Information on likely routes of exposure: Routes of entry anticipated; oral, dermal, inhalation
Symptoms related to the physical, chemical and toxicological characteristics:
Inhalation: May be harmful if inhaled. Material is extremely destructive to the tissue of the mucous membranes and upper respiratory tract.
Ingestion: May be harmful if swallowed.
Skin contact: May be harmful if absorbed through skin.
Eye contact: Causes eye irritation.
Delayed and immediate effects and also chronic effects from short and long term exposure:
Short term exposure: Potential immediate effects: Not available. **Potential long term effects:** Not available.
Long term exposure: potential immediate effects: Not available. **Potential long term effects:** Not available.
Effects of chronic exposure: Repeated skin contact with this product may lead to dermatitis while repeated inhalation may cause damage to the mucous membranes, upper respiratory tract, nerves, heart and brain.
Numerical measures of toxicity: Not available
Other information: Not available

SECTION 12- ECOLOGICAL INFORMATION

Ecotoxicity: No data available
Biodegradability: No data available
Bioaccumulative potential: No data available
Mobility in soil: No data available
Other adverse effects: No data available

Safety Data Sheet

SDS No. M1006
Date Revised: OCTOBER 2012
Supersedes: APRIL 2011

SECTION 13- DISPOSAL CONSIDERATIONS

Disposal methods: Dispose of waste in accordance to applicable national, regional, or local regulations

Contaminated packaging: Dispose in the same manner as unused product

Special precautions: WARNING-Sodium azide may react with lead and copper plumbing to form highly explosive metal azides. Upon disposal of liquids, flush with large volumes of water to prevent azide buildup.

SECTION 14- TRANSPORT INFORMATION

ADR/RID AND/ADNR IMDG IATA/DOT

| | | |
|------------------|-----------------------------|---------------|
| ADR/DOT/: | UN Number | Not available |
| RID | Proper Shipping Name | Not available |
| | Hazard class: | Not available |

| | Proper Shipping Name | Not available |
| | Hazard class: | Not available |
| | Packing group: | Not available |
| | EmS Number | Not available |
| | Marine Pollutant | Not available |

SECTION 15- REGULATIONS

EU Regulation (EC) No. 1907/2006 (REACH) Annex XIV:

List of substances subject to authorization Substances of very high concern: None of the components are listed

Annex XVII - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles: Not applicable

US. Toxic Substances Control Act: On TSCA Inventory

SARA 313 Components: Not listed

SARA 311/312 Hazards: Not available

CERCLA Reportable Quantity: Not available

California Prop. 65: Not available

SECTION 16- OTHER INFORMATION

Risk Phrases: R36/38, Irritating to eyes and skin

Safety Phrases: S26, S37/39, In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable gloves and eye protection.

Notice to reader: To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All material may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
