

## SECTION 1 – PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: Mounting Medium

PRODUCT CODE: 2505, 2506

SUPPLIER: Immco Diagnostics, Inc.

60 Pineview Drive, Buffalo, NY 14228 USA

National (USA/Canada): 800-537-8378

International: 716-691-0091

Fax: 716-691-0466

Emergency: 716-691-0091

MANUFACTURER: Immco Diagnostics, Inc.

60 Pineview Drive, Buffalo, NY 14228 USA

National (USA/Canada): 800-537-8378

International: 716-691-0091

Fax: 716-691-0466

## SECTION 2 – HAZARDS IDENTIFICATION

### OSHA Hazards

No known OSHA hazards

This product is classified as not dangerous according to directive 1999/45/EC.

### GHS Classification

Classification: Regulation (EC) No. 1272/2008[CLP/GHS]

NA

Pictogram: NA

Signal Wording: NA

Hazard statements: NA

Precautionary Statements: NA

Other hazards: None

## SECTION 3 – INFORMATION ON INGREDIENTS

Description: Mounting Medium

Contains	CAS No.	EC-No.	Index-No.	Content	Applies to the following products	Classification
Sodium Azide	26628-22-8	247-852-1	011-004-00-7	<0.1%	2505, 2506	Acute Tox. 2, oral, H300 Aquatic Acute 1, H400 Aquatic Chronic 1, H410
Trizma Base-1,3 Propanediol, 2-Amino-2 (Hydroxymethyl)	77-86-1	201-064-4	N/A	1.45%	2505, 2506	Not hazardous
Proprietary anti-fading agent	N/A	N/A	N/A	3.3%	2505, 2506	Not hazardous
Proprietary formulation: no other hazardous components above 1% or carcinogens above 0.1%	Proprietary	Proprietary	N/A	N/A	All products	Not Hazardous

## SECTION 4 – FIRST AID MEASURES

IF IN EYES: Flush with copious amounts of water for 15 minutes; contact a physician.

IF ON SKIN (or hair): Wash well with mild soap and water. Remove contaminated clothing. Flush skin surface with additional water.

IF INHALED: Remove victim to fresh air. Seek medical attention if victim is feeling unwell.

IF SWALLOWED: Flush mouth with plenty of water (do not swallow rinse water). Give plenty of water to drink. Obtain medical attention.

Potential Acute/delayed health effects:

Eye Contact: May cause temporary eye irritation.

Skin Contact: Prolonged skin contact may cause redness and irritation.

Inhalation: May cause coughing or mild irritation.

Ingestion: May cause discomfort if swallowed.

Notes to physician: Consult a physician. Show this safety data sheet to the doctor in attendance.

## SECTION 5 – FIRE FIGHTING MEASURES

*Non-flammable preparation.*

Extinguishing media: Use media in adaption to materials stored in the immediate neighborhood, such as dry chemical.

Special firefighting procedures: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes..

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

Person-related safety precautions: Use appropriate personnel protective equipment to prevent contamination of skin, eyes, and personal clothing.

Measures for environmental protection: Keep away from drains.

Measures for containment and cleaning: Absorb spill with inert material (ex. vermiculite, sand or earth), then place in suitable container.

Provide ventilation. Do not expose spill to water. Do not let enter the environment.

## SECTION 7 – HANDLING and STORAGE

Precautions for safe handling: Avoid spilling, skin and eye contact. Wash hands and contaminated areas with soap and water.

Conditions for safe storage: Keep container tightly closed and dry. Keep refrigerated at 2°-8° C

Other information: All human derived components have been tested and found to be negative for HB<sub>2</sub>Ag and for antibodies to HIV by FDA required tests. However, all human serum specimens and human derived products should be treated as potentially hazardous, regardless of their origin. Follow good laboratory practices in storing, dispensing and disposing of these materials as per Biosafety in Microbiological and Biomedical Laboratories. Centers for Disease Control, National Institutes of Health, 1993 (HHS Pub. No. [CDC] 93-8395).

## SECTION 8 – EXPOSURE CONTROLS and PERSONAL PROTECTION

Control parameters: Contains no substances with occupational control limit values

Appropriate engineering controls: Use with adequate ventilation including local extraction. Ensure that eyewash stations and safety showers are close to the workstation location.

Individual protection measures: Wash hands thoroughly after handling chemical products and before eating, smoking or using the toilet.

Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before using.

Eye/face protection: Wear approved safety goggles

Skin/hand protection: Handle with protective gloves, rubber or plastic. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Body protection: Wear suitable protective clothing as protection against splashing or contamination.

Other skin protection: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved.

Respiratory protection: In case of adequate ventilation, use a suitable respirator. If the respirator is the sole means of protection, use a full-face supplied respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

### SECTION 9 – PHYSICAL and CHEMICAL PROPERTIES

Appearance: Clear liquid (color may vary)  
Odor: No odor  
Odor threshold: Not available  
pH: Not available  
Melting point/freezing point: Not available  
Boiling point/ Boiling range: Not available  
Flash point: Not available  
Evaporation rate: Not available  
Flammability (solid/gas): Not available  
Upper/lower flammability or explosive limits: Not available  
Vapor density: Not available  
Vapor pressure: Not available  
Relative density: Not available  
Solubility in/Miscibility with Water: Not available  
Partition coefficient: octanol/water: Not available  
Auto igniting: Not available  
Decomposition temperature: Not available  
Viscosity: Not available

### SECTION 10 – STABILITY and REACTIVITY

Reactivity: Reacts with protic solvents (water, alcohols, amines, etc.) to release hazardous acid.  
Chemical Stability: Stable under recommended storage conditions.  
Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous reactions will not occur.  
Conditions to avoid: Sodium azide may react with lead and copper plumbing to form highly explosive metal azides; flush with copious water when pouring dilute solutions down the drain to prevent azide buildup.  
Incompatible materials: Sensitive to heat (do not heat over 270° C), strong acids, strong oxidizing agents, strong bases, heavy metals.  
Hazardous decomposition products: Nitrogen Oxides; Reacts with protic solvents (water, alcohols, amines, etc.) to release toxic hydrazoic acid.  
Hazardous polymerization: Will not occur.

### SECTION 11 – TOXICOLOGICAL INFORMATION

Acute toxicity: May cause nausea, headache, and vomiting  
Skin corrosion/irritation: May cause skin irritation  
Serious eye damage/irritation: May cause eye irritation  
Respiratory or skin sensitization: May be irritating to mucous membranes and upper respiratory tract with sore throat, coughing, shortness of breath and delayed lung edema.  
Germ Cell mutagenicity: No data available  
Carcinogenicity: No data available  
Reproductive toxicity: No data available  
Specific target organ toxicity (STOT)- single exposure: No data available  
Specific target organ toxicity (STOT)- repeated exposure: Nerves, heart, brain  
Information on likely routes of exposure: Routes of entry anticipated; oral, dermal, inhalation  
Symptoms related to the physical, chemical and toxicological characteristics:  
Inhalation: May be harmful if inhaled. Material is extremely destructive to the tissue of the mucous membranes and upper respiratory tract.  
Ingestion: May be harmful if swallowed.

Skin contact: May be harmful if absorbed through skin.

Eye contact: May cause eye irritation

Delayed and immediate effects and also chronic effects from short and long term exposure:

Short term exposure: Potential immediate effects: Not available. Potential long term effects: Not available.

Long term exposure: Potential immediate effects: Not available. Potential long term effects: Not available.

Effects of chronic exposure: Repeated skin contact with this product may lead to dermatitis while repeated inhalation may cause damage to the mucous membranes and upper respiratory tract, nerves, and brain.

Numerical measures of toxicity: Not available

Other information: Not available

### SECTION 12 – ECOLOGICAL INFORMATION

Ecotoxicity: No data available

Bioaccumulative potential: No data available

Mobility in soil: No data available

Other adverse effects: No data available

### SECTION 13 – DISPOSAL CONSIDERATIONS

Disposal methods: Dispose of waste in accordance to applicable national, regional, or local regulations

Contaminated packaging: Dispose in the same manner as unused product

Special precautions: Dispose of small amounts of spilled material as described in section 6. Large spills must be dealt with separately by qualified disposal personnel. Avoid dispersal of spilt material to soil, waterways, drains and sewers.

### SECTION 14 – TRANSPORT INFORMATION

DOT (US): Not dangerous goods.

IMDG: Not dangerous goods

IATA: Not dangerous goods.

Transport/Additional Information: Transport in accordance with local, state, and federal regulations.

### SECTION 15 – REGULATIONS

EU Regulation (EC) No. 1907/2006 (REACH) Annex XIV:

List of substances subject to authorization Substances of very high concern: None of the components are listed

Annex XVII - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures are articles:  
Not applicable

US Toxic Substances Control Act: On TSCA Inventory

SARA 313 Components: Not listed

SARA 311/312 Hazards: Not available

CERCLA Reportable Quantity: Not available

California Prop. 65: Not listed

### SECTION 16 – OTHER INFORMATION

Symbols and indication of danger: NA

**Notice to reader:** To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All material may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
